## **CocoRosie** Noah's Ark

This is the kind of music the dolls in your grandma's attic make when no one's in the house (don't ask me where they got the glockenspiel). You may have seen the two vocally gifted sisters who make up CocoRosie, Bianca and Sierra Casady, opening for Bright Eyes or TV on the Radio or run into them having late afternoon tea with Miss Havisham, Rufus Wainwright, Joanna Newsom and Baby Jane. —Kate H.
